PRELIMINARY AMENDMENT

Prior to examination, please amend the application as follows:

In the Claims:

Please cancel claims 2 and 18.

Please amend the claims as follows:

Sub  
c17  
By  
Cont.

1. (Once amended) A method for media access control in a communication [network] system which includes a plurality of communication stations which communicate over a shared communication medium [and which supports a quality of service class of communication sessions such that sessions in that class have data rate requirements,] comprising:  
assigning communication resources in accordance with [the data rate] quality of service requirements of a plurality of communication sessions [in the quality of service class], including determining a polling pattern;
